EXPERIENCE

Freelance Designer, Whitebox Designs

December 2022 - Present

As a Freelance UX Designer and the founder of Whitebox Designs, I specialize in providing tailored web design and development solutions to individuals and small businesses. I leverage my expertise in Figma and Webflow to create exceptional user experiences that drive results.

UX Designer, Sheridan College VIP Innovation Accelerator

May 2020 - September 2020

Supervised and led multiple teams of designers to create a variety of projects from Websites and Apps to VR/AR. Guiding and teaching to ensure each team met their project brief and deadline.

Design Consultant, Skill Squirrel

September 2019 - December 2019

Conducted usability and user testing for a new service, created testing methodology and scenarios to get the best feedback possible, as well as delivering a final pitch with the findings.

EDUCATION

Sheridan College — Honours Bachelor of Interaction Design

September 2017 - April 2021

Sheridan College — Art Fundamentals

September 2015 - April 2016

CERTIFICATES, HACKATHONS AND EVENTS

TCPS 2: CORE — *Research and Ethics Certificate*

Adobe Creative Jam (2019) — *A quick hack, creating an academic integrity app*

Genesys Hackathon (2019) — *Hackathon working with APIs*
